

we can determine price differences between OCONUS and CONUS commissaries. The patron will give their perceptions on their savings in the commissary versus local supermarkets.

Awareness Surveys

These surveys allow the customer and DeCA to communicate with each other on issues that will make their shopping experience user-friendly. Telephones in aisles for price checks and location of products, TV videos in front of store for specials, market products, and educate patrons on their benefit are just a few areas to keep the patron informed. Customer service is making the patron aware of new and innovative alternatives to issues that will communicate their desires.
